## A Conversation on Breaking the Cycle of Trauma and Violence with Youth

**Fr. Boyle** served as pastor of one of the poorest parishes in Los Angeles and is the founder of *Homeboy Industries* which employs and trains former gang members in a range of social enterprises.

**Fr. Putthoff** spent 16 years building *Hopeworks 'N Camden*, an organization that uses trauma informed care to train youth, ages 14-23, in website design, Geographic Information Systems (GIS), and Salesforce technology in Camden, NJ.

Join them as they share their experiences and wisdom gained from decades of ministry to young people. This event will offer the opportunity to:

- Gain insight into the unconditional love of Christ, lived and explored by these Jesuits, as they have worked to heal and transform communities struggling with poverty and despair.
- Explore the practical ways that you can bring hope and healing to communities in need, especially to young people.
- Be reminded that no one life is less valuable than another.
- Rediscover the joy in loving others and in being loved unconditionally.
