

Summer Band Camp is highly recommended for all SCBP students. It promotes a camaraderie and sense of achievement among the musicians -- a week filled with music and games culminating in a concert for families.

Whether your child is a returning student or a new student, **Summer Lessons** are encouraged. In a fun environment, lessons are also a great way to foster continued musical growth.

** For students in third grade, there is a Fall program coming to some schools called **Readin' Writin' & Rhythm**. This weekly class serves as an introduction to note reading, making a smooth transition to SCBP.

St. Cecilia Band Program, named for the patron saint of music, brings the joy of instrumental music to Catholic schools. SCBP incorporates private lessons with a group rehearsal, introducing the new music student to the Beginning Band while providing continued study with the Advanced Band. SUMMA, the newest ensemble, is a select group of students accepted by audition only. Playing more difficult music, SUMMA also performs at the annual concerts as well as occasional invitational events. Annual concerts, which combine students from area private schools, are the culmination of the musical year and showcase student progress. The *St. Cecilia Band Program* brings young musicians together to learn and play, and to discover God's wondrous gift of music.
