

## Reflex Parental Reporting Account Sign-up Invitation

Dear Parent or Guardian of Saint Mary's Student,

Great news! **Saint Mary's is using ExploreLearning Reflex**, the world's most effective (and fun!) program for helping students master their basic addition, subtraction, multiplication, and division facts. This letter contains Saint Mary's's Reflex login information as well as instructions for setting up your own Reflex Parent Reporting Account that will allow you to monitor and support your child's journey to math fact fluency.

### Student Login Instructions

1. Go to <http://www.reflexmath.com>.
2. Click 'Launch' in the upper right hand corner of the page.
3. Login using the teacher username, class, and password information below.

**Teacher username:** ProvidedByClassroomTeacher

**Class:** AskClassroomTeacher

**Your child's password:** Will Be Provided

Please encourage your child to get on as often as they like.

Since Reflex includes fun games, your child's siblings or friends may want to give it a try.

**It is important that other children not use Saint Mary's's account.** Reflex continually monitors student progress and adapts to each student's individual needs. Because of this adaptivity, having multiple children use the same account will have a negative impact on your child's progress. You can sign up for a free 14-day trial for up to 5 other children to try Reflex.
